

# SIGN UP FOR AN eNVD WEBINAR TODAY

The faster, easier way to complete livestock consignments

The eNVD web-based system and mobile app have been recently upgraded.

Sign up today for a demonstration webinar that best suits you, and learn how to use the new features to make your transition to digital consignments easier.

The new features were developed in response to industry feedback. They are designed to make digital consignments more accessible and user-friendly for the entire red meat supply chain.

## New features include:

- Greater accessibility for supply chain users including transporters, agents, saleyards, feedlots and processors
- Ability to add comments to consignments and upload attachments
- Third-party access to view consignments
- Daily email notifications for receivers
- Ability for transport companies to add or remove different drivers
- Ability to split a consignment between multiple buyers
- Easier access through the myMLA dashboard

## REGISTER FOR A DEMONSTRATION WEBINAR THAT SUITS YOU:
