## **Devices purchased report**

For the specified period, this report will list RFIDs issued by tag manufacturers to a PIC, plus all tags issued to other PICs, but transferred to that PIC using the TAGTRAN function. For each device, the PIC, RFID, NLISID, Visual ID, Issue date, LT status and Species will be displayed.

## Login to the NLIS Database at www.nlis.com.au

- Enter your **NLIS user ID** and **password** and click 1 Select a livestock type (PIC-based users only). 2 Select View/generate all reports and click **FGO** 3 Select **Devices purchased** and click **b** Go 4 5 Select or enter a **PIC** (PIC-based users must select a PIC). 6 Select a Start date and End date.
  - Select a Species (or select All species).
  - Click **•** Go to display the report results.
