Stand by what you sell

LPA, eNVD, NLIS & eID

Join our webinar:
Can you stand by what you sell?

Hosted in a partnership between the Queensland Department of Agriculture and Fisheries and Integrity Systems Company, a wholly-owned subsidiary of Meat & Livestock Australia, this webinar aims to ensure you can stand by what you sell.

Stay updated on the latest on Australia's red meat integrity systems including Livestock Production Assurance (LPA), the National Livestock Identification System (NLIS) and electronic National Vendor Declarations (eNVDs).

You will learn about:

- Meeting the seven LPA requirements to ensure you maintain market access
- An update on electronic NVDs, the new mobile app and the NLIS
- Sheep & goat eID and what it means for you
- Hear from a sheep producer who has adopted eID
- Biosecurity

Who is this webinar for?

Anyone handling livestock — farm owners, managers, overseers, hobby farmers, small farmers, farm hands and agriculture teachers.

Register and have your questions answered. A recording and helpful resources will also be emailed out.

Wednesday 5 July 2023 from 12:00pm – 1:00pm (AEST)

Register now at integritysystems.com.au/events

Want to register for another webinar?

For more information, or to register for other ISC webinars, visit the ISC events web page.

HEAR FROM OTHER PRODUCERS

A sheep producer who has already implemented eID will join the webinar and share their experiences, challenges and benefits. Have your eID questions answered.

Register now.
