Are you ready for digital consignments? Follow these steps to get started!

eNVD is the fast, easy system for completing all livestock consignment forms digitally. eNVD supports end-to-end electronic transfer of livestock consignments including Livestock Production Assurance NVDs, Meat Standards Australia Vendor Declarations, National Health Declarations and National Feedlot Accreditation Scheme forms.

The new eNVD Livestock Consignments app provides the capacity to complete and transfer consignment forms offline, making the process even easier!

Digital consignments provide:

- Insight into consignments ahead of their arrival, enabling earlier and more streamlined management.
- Increased completeness of information supplied.
- Labour efficiencies by avoiding transfer of hard copy information to internal systems.
- All required documents accessible in one place.

Incoming consignments

01

Login to the eNVD web platform via myMLA at m1a.com.au/welcome-mymla using your NLIS credentials to view eNVD consignments

02

Can't locate a consignment in NLIS?

Has a consignment arrived without papers and no eNVD?
Follow these instructions to receive an eNVD as a PDF file:

- Ask the transporter to navigate to the consignments page in their eNVD app
- Tap the three dots at the top right corner of the consignment you wish to receive
- Tap 'share consignment' to have it sent as a link to your email address or via SMS

Outgoing consignments
