January 2016

Mob-based movement reports

- **Mob-based movements off PIC** ... Page 2
- **Mob-based movements onto PIC** ... Page 3
- **Mob-based movements by NVD** ... Page 4

These three reports show movements for properties (PICs) linked to your database account.

The information in all three reports is displayed in the same format and is derived from transactions submitted to the database to record mob-based movements of sheep or goats with **visual** tags.

The movement details come from travel documents that accompany the animals – National Vendor Declarations (NVDs), Waybills or Travelling Stock Statements. When a 'direct consigned' mob-based kill is submitted, a movement from the PIC of consignment to the processor's PIC is recorded automatically. The reports show 'Mob-based kill' in the 'Upload Type' column.

The maximum period for these reports is three months, but if there is too much data to display on-screen, you will receive an email message to view the results using the **View large report results** option.

Login to the database at www.nlis.com.au

- 1 Once logged in, select **Sheep (mobs)** or **Goats** ('PIC-based' accounts only).
- 2 Select the appropriate report and click 
- 3 Follow the instructions on pages 2, 3 or 4.

If you can't see the mob-based movement reports on your home page:

- Select **View/generate all reports**
- Scroll down to the **Mob-based (Sheep and Goats)** report group.
- Select the appropriate report.

|--|--|--|--|--|
| <input checked="" type="checkbox"/> Abattoir | <input checked="" type="checkbox"/> Auditor | <input checked="" type="checkbox"/> Goat Depot | <input checked="" type="checkbox"/> Producer | <input checked="" type="checkbox"/> Sporting Event |
| <input checked="" type="checkbox"/> Agent | <input checked="" type="checkbox"/> Exporter | <input checked="" type="checkbox"/> LPA | <input checked="" type="checkbox"/> Saleyard | <input checked="" type="checkbox"/> System Admin |
| <input checked="" type="checkbox"/> AQIS | <input checked="" type="checkbox"/> FDA | <input checked="" type="checkbox"/> Police | <input checked="" type="checkbox"/> State Food | <input checked="" type="checkbox"/> Third Party |
| <input checked="" type="checkbox"/> AQIS Plant | <input checked="" type="checkbox"/> Feedlot | <input checked="" type="checkbox"/> Pound | <input checked="" type="checkbox"/> SDA/SDAM | <input checked="" type="checkbox"/> Transit Centre |

This report only shows mob movements of sheep or goats **off** one PIC in a **period**. The 'Other From PICs' column only shows entries if the PICs were submitted when a mob-based transaction was recorded on the database. The 'Saleyard' column only shows entries if the movement was through a saleyard.

- 1** Enter or select the **PIC** for which you want a report.
- 2** Select **Sheep (mobs)** or **Goats**.
- 3** Select a **Start date** and **End date** and click

View/generate all reports Print preview Help

Which report would you like to view or generate?
 Report name: Mob-based movements off PIC
 Output type: On-screen

PIC: PICTEST4
 Species: All Species
 Start Date: 4 Jan 2016
 End Date: 4 Jan 2016

You can only view movements for PICs linked to your database account.
Note: If the PIC field is empty, there is no PIC linked to your account. Contact the NLIS Helpdesk for assistance.

The maximum period is 3 months.

This report shows mob movements of sheep or goats **onto** and **off** all PICs for one **NVD** in a **period**. If you don't enter an NVD, all movements for the period that you specify are displayed. The 'Other From PICs' column only shows entries if the PICs were submitted when a mob-based transaction was recorded on the database. The 'Saleyard' column only shows entries if the movement was through a saleyard.

- 1** Enter an **NVD** serial number (or leave this field empty).
- 2** Select **Sheep (mobs)** or **Goats**.
- 3** Select a **Start date** and **End date** and click

View/generate all reports Print preview Help

Which report would you like to view or generate?
 Report name: Mob-based movements off PIC
 Output type: On-screen

NVD Serial number (OPTIONAL): NVD8
 Species: All Species
 Start Date: 4 Jan 2016
 End Date: 4 Jan 2016

If you enter an NVD here, only movements for **that NVD** are shown.
 If you don't enter an NVD here, movements **for all NVDs** are shown.

The maximum period is 3 months.
