ISCDL1

# Can you stand by what you sell?

Food safety, quality and traceability  
are key to ensuring the Australian  
red meat industry maintains access  
to 100+ global markets.

Make sure you are meeting  
your livestock management,  
identification and traceability  
requirements:

- ✓ Manage your property and livestock according to LPA requirements
- ✓ Complete your NLIS transfers
- ✓ Keep accurate records
- ✓ Ensure every NVD is clear, complete and correct
