eNVD mobile app

29 March 2023

Integrity Systems
red meat customer assurance
A subsidiary of Meat & Livestock Australia

mla
MEAT & LIVESTOCK AUSTRALIA

Stand by what you sell

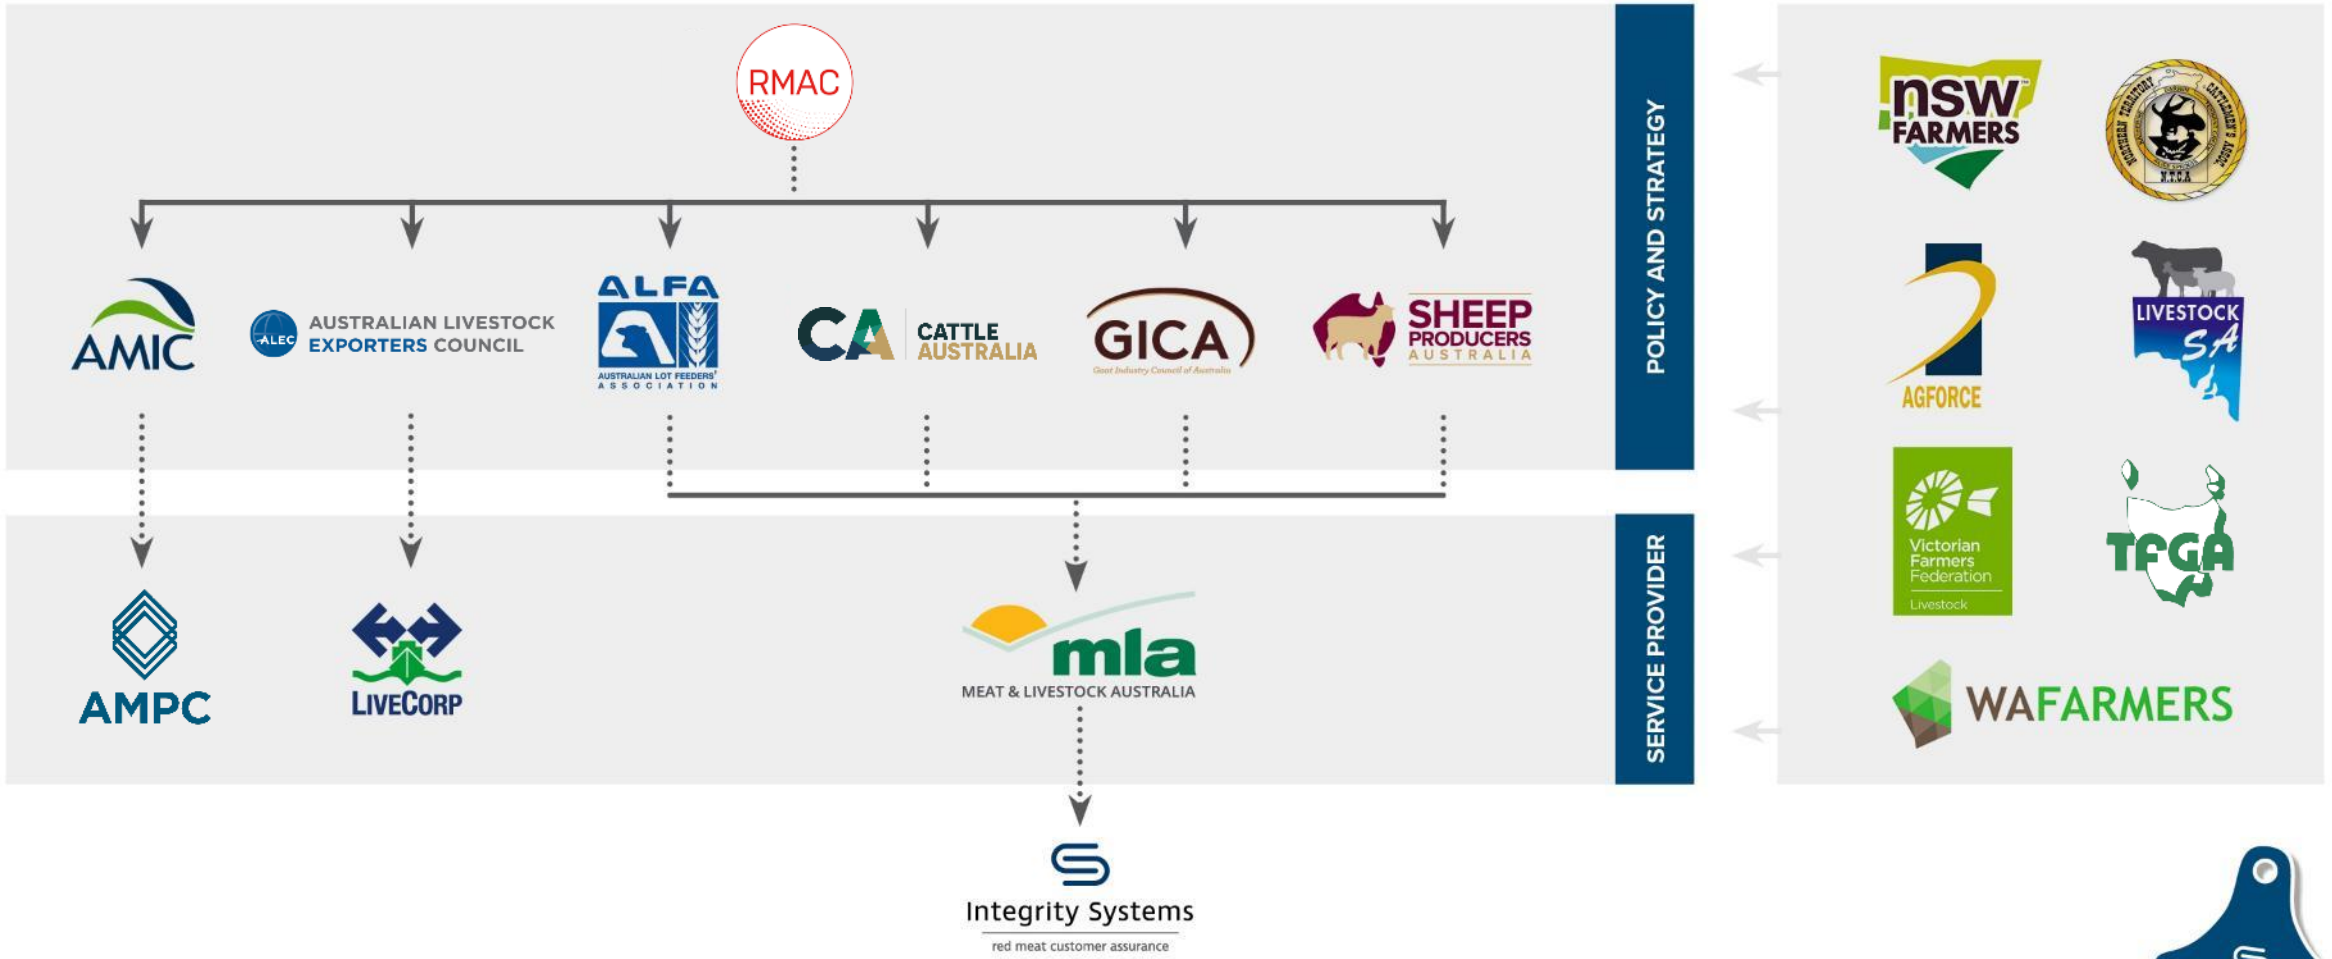
INTRODUCTION

- Welcome and housekeeping
- Introduce the team
- About the eNVD app
- Demo of the eNVD app
- Q&A with the ISC team
- Wrap up

A webinar recording and resources to help you use the app will be emailed to you

Where Integrity Systems Company (ISC) fits ...

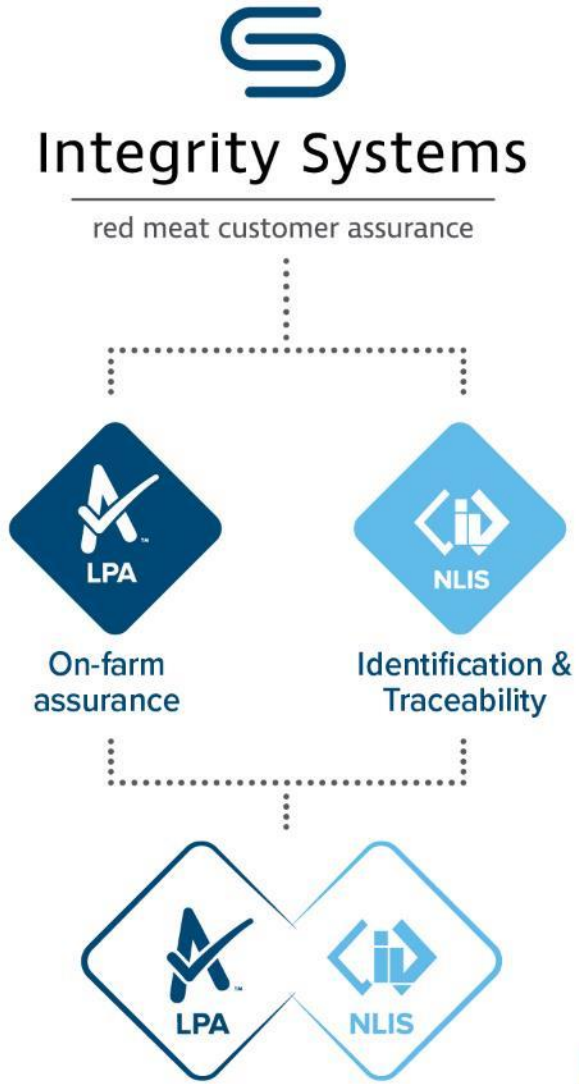
A subsidiary of Meat & Livestock Australia



ISC and the red meat integrity system

ISC MANAGES AND DELIVERS AUSTRALIA'S RED MEAT INTEGRITY SYSTEM THAT:

- **Ensures** Australian red meat is safe to eat and fully traceable
- **Provides** on-farm assurance, animal identification and traceability from paddock to plate
- **Underpins** the livestock selling system, giving confidence to buyers, retailers and consumers.



Two programs underpin **food safety** and **traceability** on-farm

Livestock management:
On-farm management of food safety, animal welfare and biosecurity risks.

LPA

On-farm assurance

NLIS

Identification & Traceability

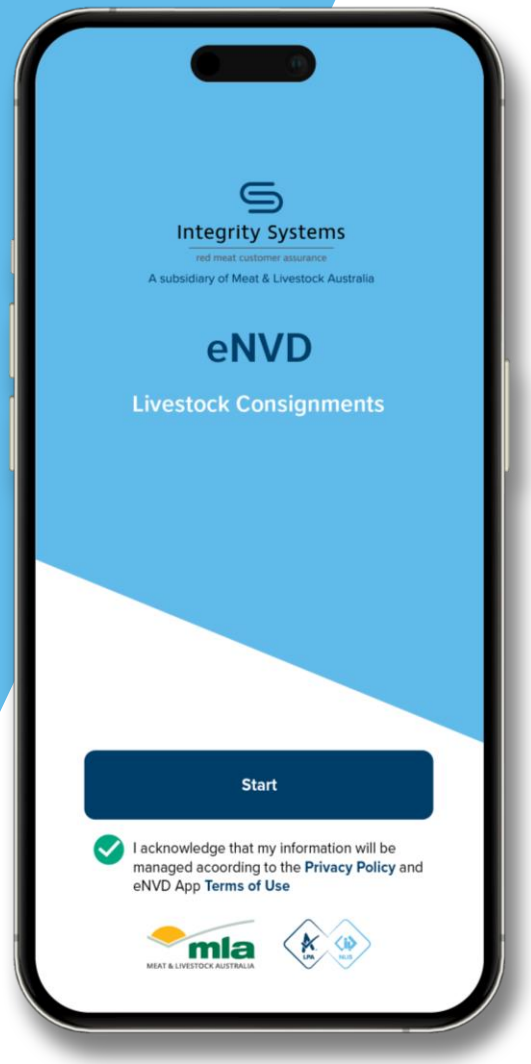
Livestock ID:
Tracking the location of every animal throughout its life.

Property Identification Code (PIC)
Required for all livestock producing properties

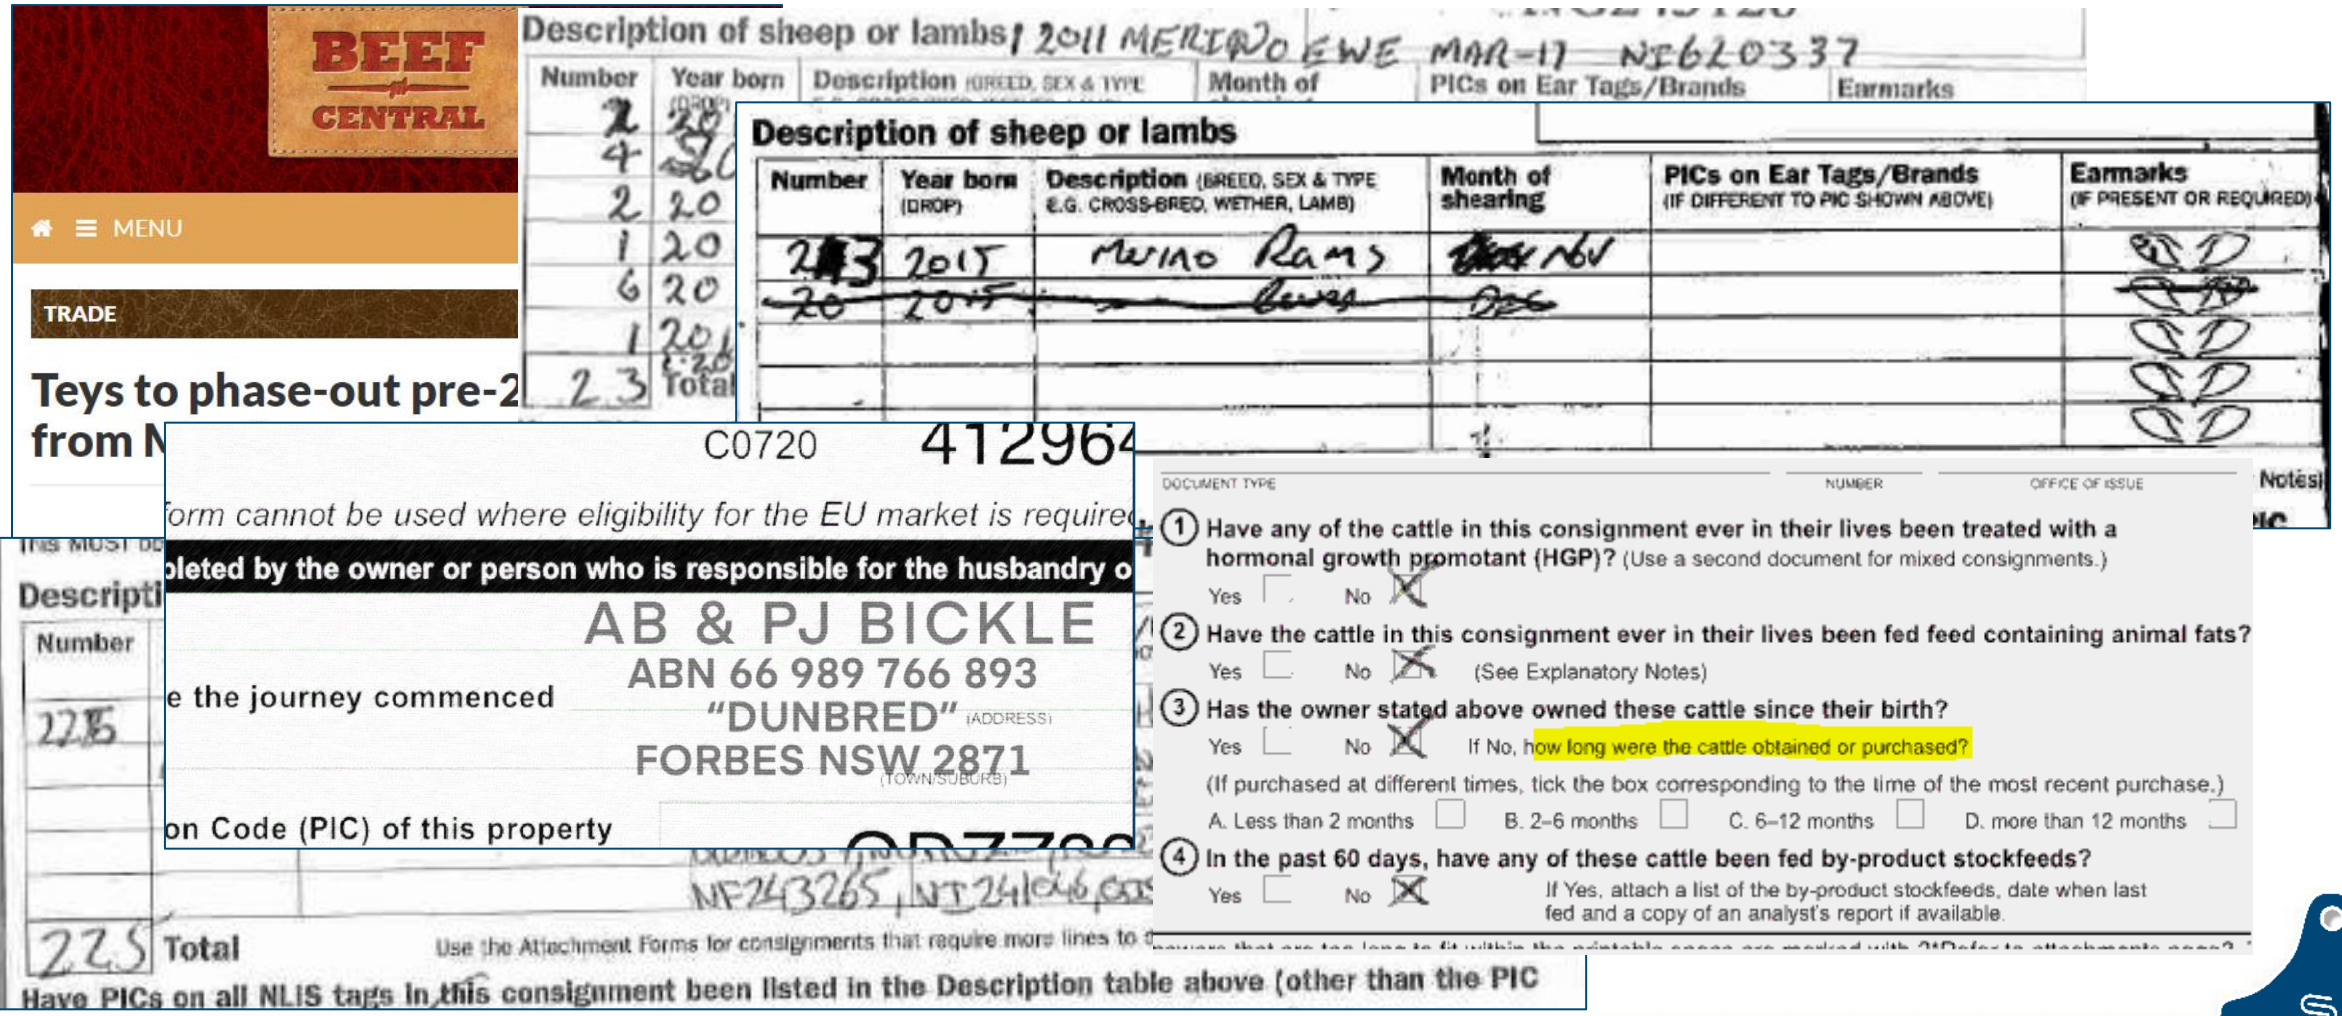
LPA and NLIS records
Underpin food safety and traceability

LPA NVDs
Link on-farm assurance and traceability for livestock moving through the value chain

Digital consignments and the new eNVD app



Paper and internet challenges



The eNVD system

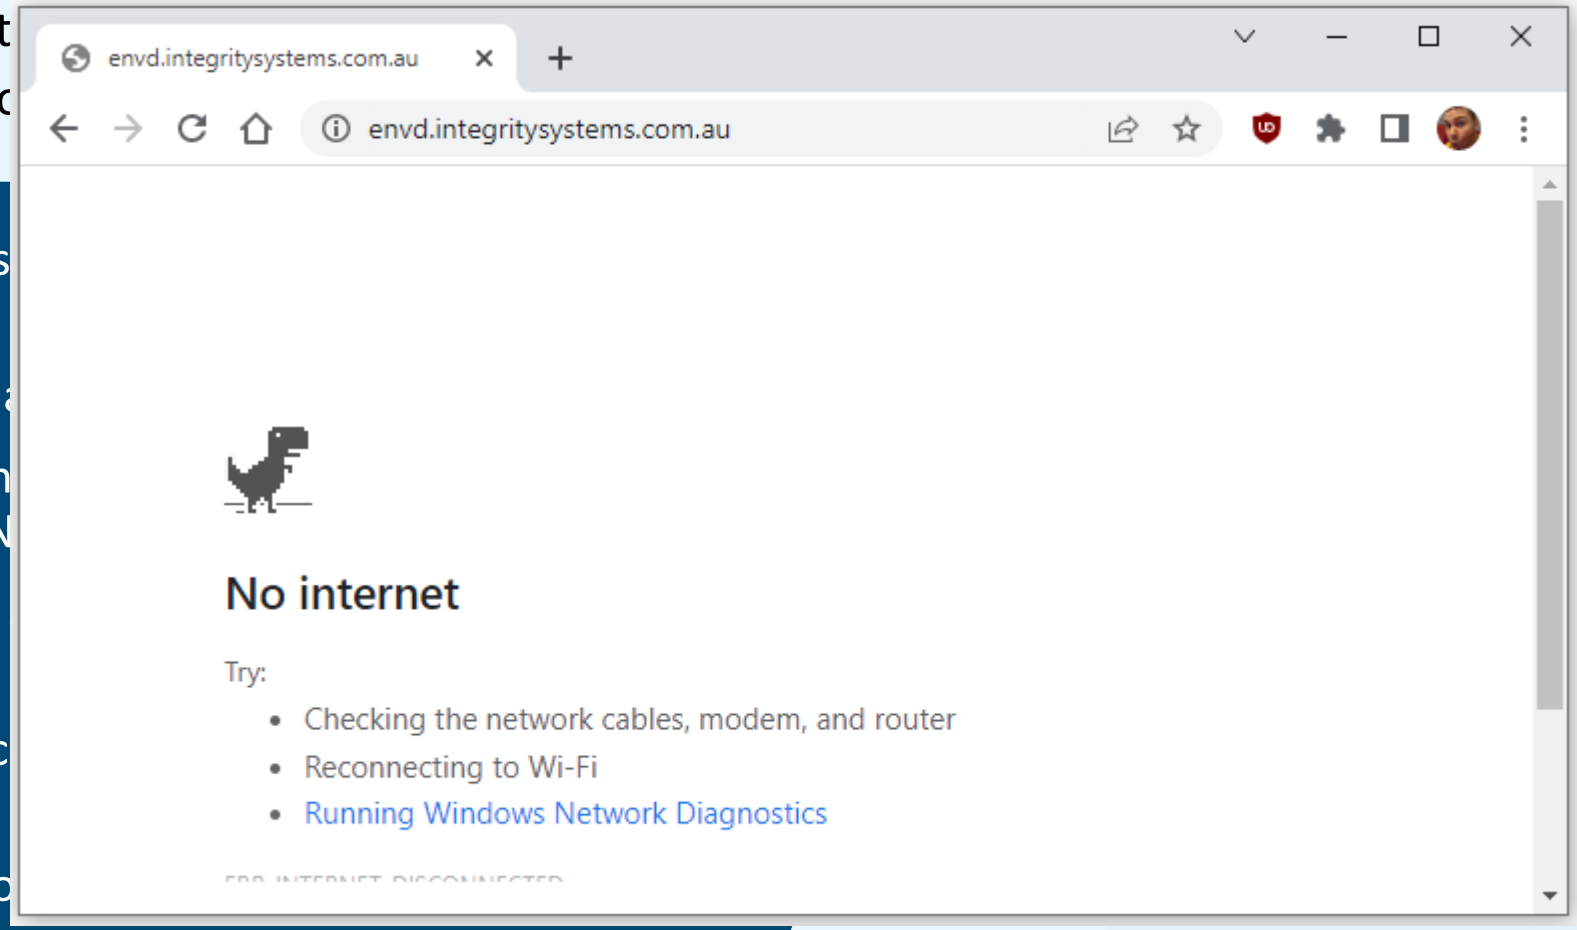
The eNVD is system for completing all consignment details digitally including livestock assurance and health declarations. eNVD is available to LPA accredited producers, feedlots and value chain stakeholders.

- eNVDs are easy to read and don't get lost as stored online
- Reduces time and duplication completing forms
- Increased completeness of information, as incomplete eNVDs cannot be submitted
- Simplifies LPA audits - all in one place and easy for the auditor to find
- eNVDs are accepted as a legal and compliant document
- $30 discount on LPA Accreditation if using eNVDs

The eNVD system

The eNVD is syst surance and
health declaratic ain stakeholders.

- eNVDs are eas stored online
- Reduces time a
- Increased com incomplete eN
- Simplifies LPA the auditor to
- eNVDs are acc document
- $30 discount o



The eNVD mobile app is here!

- A complete digital mobile solution
- Works offline
- Complete and transfer consignment forms offline using QR codes
- Templates save time and prevents errors
- Reduces duplication
- Editable within 48 hours of movement
- PIC register search capability built into the app

Industry adoption activities

ISC's adoption team has conducted:

- Info sessions and one-on-one engagement with:
  - 30+ processors
  - 170 saleyard operators
  - 150 livestock agents
  - Transport sector
  - State and national industry bodies
- Software integration guidance
- Training sessions

HOW TO USE THE eNVD – demonstration

- How to access the eNVD – myMLA
- Create a consignment 101
- Share a consignment
- Create and use templates
- Edit a consignment
- Delete a consignment
- Questions

Registering with myMLA

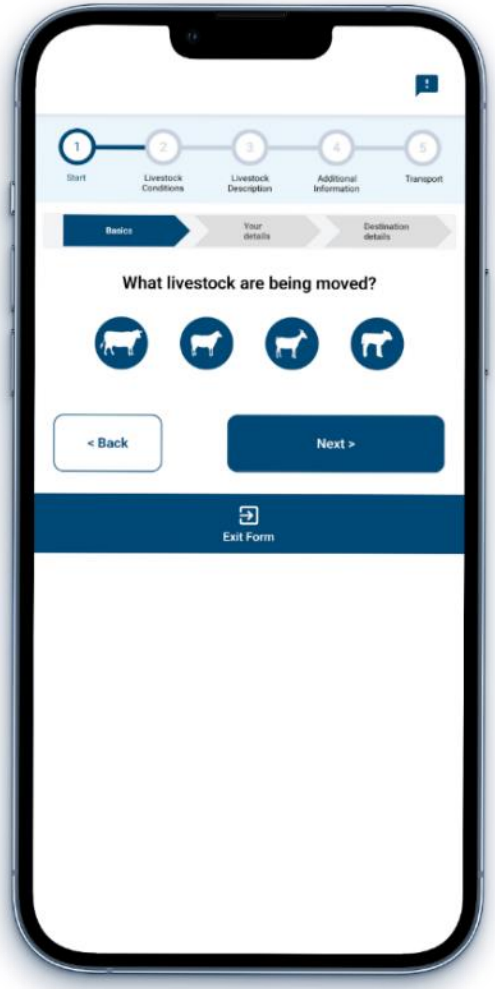
Demonstration – the new eNVD app

Work continues! Updates in the pipeline

Continuing to update app functionality and features to deal with the complexity of red meat supply chains.

- Notifications to alert receivers to consignments that have been created
- Comments for flagging head count discrepancies or leaving notes on where livestock have been left.
- Attachments to capture other documents that may need to accompany the stock.
- Allow saleyard buyers info to be added to consignment.
- More consistency between website and mobile app interfaces.



QUESTIONS?

How do I get started?

1. Ensure your PIC is accredited with LPA
2. Create a myMLA account and link LPA account
3. Speak with your transporter and receiver to ensure they're ready to receive paperless consignments and check you have the correct destination PIC
4. If they're not, work out a plan to send an email copy or printouts of the eNVDs
5. **Download the app and create a consignment!**

Download on the App Store

GET IT ON Google Play

eNVD app take-home messages

- Works **offline -** use **QR codes** to transfer consignment data from producer to transporter when no service
- Editable within 48 hours of movement
- The PIC is key for eNVD addressability
  - PIC register search capability built into the app
  - eNVDs can be addressed to both the destination AND an agent PIC
- Remember to **check your receiver, including your agent and saleyard**, is ready to receive digital consignments
- For those receivers who still require paper, eNVDs can be printed or emailed and sent with the stock

Resources available

- Online and printable resources available
- Checklists for getting started with the eNVD
- How-to guides
- Instructional videos
